## 1. INTRODUCTION

During 2012 Professor Mulalo Doyoyo was working with Sasol Chemcity on the development of a binder for waste materials and made a paint sample based on this technology. Rivash Panday of Sasol Chemcity approached Ryan Purchase, who had just taken a voluntary retrenchment from Midas Earthcote, to evaluate the product. The sample had many shortcomings, but the seed was sown and the two entrepreneurs joined forces and started the development of a green coating system based mainly on waste products from industry. Mid 2013 Ryan Purchase became a shareholder in Amoriguard and in July 2016 the Agreement Certificate was obtained. Sasol Chemcity were instrumental in the development and assisted with funding for Agreement Certification and Raw Materials for large scale trials.

Amoriguard has entered into an agreement with **Dekro Paints**, an ISO Accredited paint manufacturer, where Dekro will manufacture, market and distribute the Amoriguard A-Gain products throughout Sub Saharan Africa.

The Promotion of Access to Information Manual provides an outline of the type of records and the personal information it holds, and explains how to submit requests for access to these records in terms of the Promotion to Access to Information Act 2 of 2000 ("PAIA Act").
